

Each 10' run will hold about 25' lbs (if wanting to hang items off of them).

End booths have a short open stabilizing wall.

Walls between booths are 6.5' of the 10' available depth.

Standard booths are either 10' long (shown here) or 20' long.

Walls are 8' high

10' of available floor depth for display.

Electrical must be ordered from GES for a fee.
